

Momo, Stephen S.K.

I was born in Liberia on March 8, 1966. At the age of 9 years old I was brought to Firestone Rubber Plantation by my uncle. He brought me to Firestone to attend school.

I began reading the Bible at age 15 and learned that there exists a supernatural power. I also began to develop an interest of being a preacher someday. I started worshipping with the Liberian Free Pentecostal Church in 1986. I was baptized in the Name of the Father, Son, and Holy Ghost. I remained in that church until the civil crisis in 1990.

We moved to Kakata and ended up in Fuenitoille, Liberia. In 1994 I came in personal contact with the Lord Jesus Christ at the First Apostolic UPC, pastured by Bro. Moore D. Johnson. It was there that I learned I needed to be re-baptized in Jesus Name. In April 1996 I was baptized in Jesus Name and received the Holy Ghost.

I started working with the church as an usher and was later promoted to a Sunday School teacher position. Due to my commitment I was appointed Assistant Pastor in 1997. In 1999 we returned to Kakata where I served as Assistant Pastor until 2002.

Presently, I feel very humble to have been appointed as National Evangelist for the whole UPC/Liberia. I must admit, the Lord is working greatly in my life.

I am married and have 4 children.

Thanks for your financial support and prayers.
